Summary

Full stack web developer with a background in arts and fitness, using a combination of creativity and unique problem-solving skills to develop fun user applications. Excellent communicator and great under pressure with extensive experience as a professional dancer. Creative and unique ideas which consistently propels team work to success. Excels at front-end UI, meshing colors, themes, and design eloquently, making UX not only an experience, but rather a cohesive journey.

Technical Skills

Languages: HTML, CSS, JavaScript, jQuery, API documentation, Node.js, MySQL/Sequelize, Mongo DB, Express, React

Projects

Ballads and Brews | <https://github.com/buley004/ballads-and-brews>

- Application that allows user to search for a local concert happening *that* day/night along with restaurants and bars within a close mile radius of the venue
- User does not have to use more than one search engine to plan their night; everything is included on one page due to proximity of locations
- Languages used: HTML, CSS, JavaScript, jQuery, API documentation
- Core responsibilities included:
 - utilizing band and restaurant API's to find shows and locate food/drinks close to the venue, then printing results on page
 - UI/UX design implementation

Divvy | <https://divvy-application.herokuapp.com/>

- Bill splitting application in which each unique user can add a bill, bill details, and payer's of that bill
- Each user's account will show the bills they specifically owe making tracking bills easier without distraction of communication present in other apps
- Languages used: HTML, CSS, JavaScript, jQuery, API documentation, Node.js, MySQL/Sequelize, Express
- Core responsibilities included:
 - UI/UX design mock-up
 - implementing design with HTML, CSS and Bootstrap, including responsive-ness
 - seamless communication with back-end team ensuring all parts of app run smoothly

Experience

Employee

2016-Current

Pure Barre

Seattle, WA and Los Angeles, CA

Teach barre fitness classes to clients aged 18 and up of all fitness levels. Use leadership and communication skills to be a positive role model in the Seattle fitness community. Act quickly and efficiently between saying cues, changing choreography, dimming lights, switching the song, correcting clients. React quickly and positively when certain clients need more attention than others.

Key Accomplishments:

- Classpass's best barre teacher in 2017 - <https://classpass.com/blog/2017/02/01/best-barre-instructors-los-angeles/>
- Consistently receives praise from colleagues and clients on impeccable timing, great musicality, and friendly nature

Employee

2015-Current

Hollywood Dance Shoot

Los Angeles, CA

Choreograph and photograph photoshoots for dancers aged 5 and up over a 12 hour work day. Use Nikon camera, Lightroom, and Photoshop daily, problem solving small technical issues through out the day. Edit photos for our ever-growing social media account and interact with other users on Instagram.

Education

Bootcamp Certificate: University of Washington, Seattle, WA

6-month, highly-intensive full-stack web development course focused on gaining technical programming skills in HTML, CSS, JavaScript, jQuery, API documentation, Node.js, MySQL/Sequelize, Mongo DB, Express, React.

Bachelors of the Arts and minor in business: Loyola Marymount University, Los Angeles, CA
